OBSESSIVE
METHODS
OF
EXPRESSION

A group show entitled "Obsessive Methods of Expression" will be presented for three weeks only at 499 Canal Street from March 25th to April 15th, 2008.

The show, curated and produced by Sara Blumberg Fine Art (SBFA), will feature artists whose work celebrates the bright side of obsession. Be it in method, process, surface, or content, all work to be shown draws attention to the true nature of artistic expression and the sheer force of focused concentration.

At a time when we are inundated with news that the brain and the mind are one and the same, the obsessive work chosen for this exhibition tells a different story. Through the will to painstakingly transform a surface, reveal a truth or crumble an assumption, each artist allows us to see the beauty of the obsessive mind at work.

Following is an incomplete list of artists to be featured:

Edouard Pruhliere
Floto + Warner
Jeff Gross
Patrick Parrish
Jim Oliveira
Mark Turgeon
Matt Morgan
William Carroll
Antonio Sindorf
Michael Hainey
